DETAILED ACTION

1. Applicant's response filed on 01/30/2002 has been fully considered. Claims 1 and 18 are amended, claim 21 is added, and claims 1-7 and 15-21 are pending.
2. Applicant's argument to the prior art rejection is based on that the Luce reference does not expressly disclosed a plastic substrate as its invention, and Luce does not teach the metallized paper prepared as claimed in the applicant's invention. The argument has not been found persuasive for the following reason. Luce teaches that paper substrate is advantageous, yet the plastic substrate is also known (**see col. 1, line 35**). As to how the metallized layer is produced, to **directly** deposit a metallized solution onto at least a surface of a paper is notoriously known (**see col. 4, line 10 of Becker et al. USP 4,567,098 and col. 1, line 20 of Gold et al. USP 4,434,259**).

For the above reasons 1-3, 5, 6, 15, 16, 18 and 20 are stand rejected.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 21 recites the limitation "plastic" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

5. Claims 4, 7, 17 and 19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Claim 21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
